Like so many families in our community and across the nation, local churches have celebrated the Thanksgiving holiday early. Members of the Friendship Church are shown above ready to serve their annual community Thanksgiving dinner on Saturday, November 1st. This year’s meal was held at the Senior Citizens Building in Brooksville.

In his Frankfort Focus for this week, Representative Mike Denham reminds us of the history, significance of Thanksgiving holiday. “Thanksgiving began

long before our independence, and we’re now just seven years away from the 400th anniversary of when the Pilgrims and Native Americans held a three-day feast.

President Washington began to solidify the holiday’s place on the calendar when he called for a day of Thanksgiving on November 26, 1789. President Lincoln went a step further by declaring it should always fall on the fourth Thursday of the month.

In 1939, President Franklin Roosevelt moved the holiday up to the third Thursday of November, as a move to extend the shopping season

for retailers. It proved unpopular with American citizens, however, so in 1941, the U.S. Congress and Roosevelt moved the holiday back to the fourth Thursday of the month.

Thanksgiving is a day when Americans are grateful for all we have received. We give thanks for loved ones around us, those who have gone before us and for the feast spread across our dinner tables. It is one of America’s greatest traditions.

As a nation, we have weathered our share of difficult times, but we still have far more going for us than

against us. My hope is that this can be said of your family as well as you gather around the table this week and then ready for another holiday season.

We have a lot for which to be thankful, beginning with our freedom and those who have selflessly guarded it. We also should be thankful of our farmers, who provide the food not just for Thanksgiving, but all meals, and our churches and civic organizations for their tireless work. They are what help make our community such a welcome home.”

## Sheriff’s Office completes 2<sup>nd</sup> drug bust

The Sheriff’s Office has completed an 18 month investigation into drug activity in the county. These investigations are a continuation of their efforts for attacking the drug problems in Bracken County. Although this is the conclusion of this investigation their work to address the drug problems in the county will continue.

On Thursday, November 20<sup>th</sup>, the grand jury returned numerous indict-

ments on individuals for trafficking in dangerous drugs. Friday, November 21<sup>st</sup>, the Bracken County Sheriff’s Office with officer support from the Kentucky State Police, Pendleton County Sheriff’s Office, Maysville Police Department, Newport Police Department, Campbell County Regional Detention Center, Augusta and Brooksville Police Departments, fanned out across the county to arrest those indicted on drug charges.

They have currently arrested eleven individuals and are still looking for several other individuals. They also had assistance from the Bracken County Jailer’s Office and social services involved as there were kids involved and had to be placed in alternate homes due to parents being arrested. Those arrested were Molly Abercrombie, 38, Amanda Borgmann, 23, Gregory Boyd, 58, Joseph Damron, 45, Scott Mills, 35, Cindy Purcell, 34, Dina Stew-

art, 50, and Roy Thornton, 58. Indicted but already in jail were Aaron Holleran, Danielle Niemeier, and Brad Scolf.

In addition to the drug raid the agency has implemented a new program in the schools called SALUTE (Students and LawEnforcement United Through Education).

The drug problems in the county are much worse than they thought

## Find the “Missing Gingerbread Men” for a chance at \$100

Mrs. Claus has gotten a jump on her holiday baking with the traditional favorite, the Gingerbread Man. Not unlike the story of the run-a-way gingerbread man who foiled himself by trusting the sly fox and ending up as a sweet treat, 12 of Mrs. Claus’ gingerbread men decided to see what the Christmas preparations were all about and hitched a ride on Santa’s sleigh as he tested his Christmas Eve route. Santa had kept close watch over them until he reached

Bracken County where the reindeer were spooked by the abundance of youth hunting for their relatives, the white-tail deer.

Even though Mrs. Claus is used to Santa “misplacing” things on his ride across Bracken County, Santa is anxious to get the little gingerbread men back to the North Pole for the annual after Christmas party.

Readers can help Santa out again and enter for a chance to win by searching the ads, headlines, and pictures to find out where the “Missing Gingerbread Men”, as shown at right, are hidden, in four locations, in this issue, the Dec. 4th, and the Dec. 11th issues of *The Bracken County News*.

To enter, simply fill out the locations with page numbers of each hiding place of “Missing Gingerbread Men” on an entry form included in each issue and mail or drop off your forms to the office by Mon., Dec. 15th at noon. **Only forms that contain all 12 locations are eligible to win.** One entry will win the \$100.

## Santa Claus Lane opens this weekend

Santa Claus Lane will be open this Saturday, November 29th, 9 a.m. to 3 p.m. and Sunday, November 30th, 12 - 3 p.m. for everyone to enjoy. Santa Claus Lane is located at the Watson Community Building in Brooksville, and is sponsored by the City of Brooksville and the Hometown Traditions Community Club.

The following Saturday, December 6th, the doors will open at 9 a.m. and will close at 3 p.m. for the “Light Up Brooksville” Parade. The doors will reopen after the parade so remember your cameras for the first of many Christmas pictures.

### Get ready for winter

*Submitted by: Shannon Smith, CEA for Family and Consumer Sciences*

Winter snuck in early this year. You can take steps now to get yourself ready for the winter yet to come and any winter weather-related emergencies. Here are some tips:

- Have snow removal items such as shovels and ice melting products on hand.
- Keep warm clothes and blankets handy.
- If you have a wood burning stove or fireplace, stock up on dry, seasoned wood to use as an alternative heat source in the event of a power outage. Hire a professional to clean and inspect your chimney every year.
- Monitor your propane tank throughout the winter to make sure you have enough fuel. Schedule a refill with your dealer when the level hits 25 percent to assure you don't run out.
- Bring pets inside during winter weather.
- The University of Kentucky Ag Weather Center meteorologists issue wind chill advisories for livestock owners when bitter cold weather is imminent. Make sure livestock have shelter and fresh drinking water during that time. You can follow these advisories on the UKAg Weather Center at <http://weather.uky.edu/index.php>.

- Seal leaks and insulate walls, attics and pipes to keep in heat.
- Install storm windows or cover the existing ones with plastic from the inside to keep cold air out.
- Never use a generator, grill, camp stove or any other gasoline, propane, natural gas or charcoal burning equipment in any enclosed or partially enclosed areas for warmth or cooking. This includes homes, garages, basements and crawl spaces. Burning these alternative fuel sources in these areas could result in carbon monoxide poisoning, fire or electric shock.

- Install carbon monoxide alarms in your house.
- More information on weather preparedness is available at the Bracken County office of the UK Cooperative Extension Service.

## Thoughts and Meditations from the Scriptures

### SIMPLIFY YOUR DIET

How much time do you spend each day planning and preparing meals, not to mention shopping for them and of course eating them? While there are people who enjoy all of this, and not just the part which involves eating, some of us wish it could be simpler and easier to accomplish this basic task of getting nutrients into our bodies. A single product that provides all of our nutritional needs is surely not far away. In fact, there are already products on the market that claim to do just that. But, perhaps we need not take the "simplify your life" advice this far. Maybe just adding more rice and beans to the diet would do it. It would certainly simplify our shopping and make us healthier if we cut out the nutritionally questionable snack foods, such as candy, chips, and soda. Most of us would be better off just drinking water and having some fruit for dessert. We don't need to be vegetarians, but cutting some or even most of the meat out of our diets would probably leave us both healthier and wealthier. Perhaps the best advice we can follow to simplify our diets is to remember the old adage: Eat to live; don't live to eat. — *Christopher Simon*

*I give you every seed-bearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food. - Exodus 20:3*

### PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

I arrived at church on Mon., Nov. 17 and there must have been 30-40 people there at 10 a.m. They were attacking a mound of 140 lbs. of potatoes, 14 turkeys, and who knows how many pumpkin pies. They were preparing for the Community Thanksgiving Meal. This meal consisted of the turkeys, dressing, mashed potatoes, sweet potatoes, green beans, and pumpkin pies.

There were representatives of many churches there as well as some that I did not know. They had come solely for the purpose of preparing a Thanksgiving meal.

At 2 p.m. the people suddenly went to different stations of the church in order to prepare the meals that were to be taken out. Originally there was the plan to send out 150 meals but very soon this number was revised to 180 meals.

At 4 p.m. serving started of those who came for a sit down meal. Meals were continually served until about 6:30 or 7:00 and still there were takeout meals sent to those who wanted a meal.

Many were there for 12 hours preparing for this annual event and we all went home very tired and very blessed knowing that we had successfully served one more Thanksgiving meal.

I will not mention anyone who worked for fear that I would miss out on someone but I am sure that those who worked were not looking for any praise but were just being the servant that Jesus wants us to be. Appreciation to all who made this such a wonderful day.

Thursday night I attended a meeting at Germantown with a group of concerned citizens who were alarmed with the heroin drug addiction that has become rampant. The group is in the planning stage and more about this group later.

Sunday we had our annual combined worship service with Augusta Christian Church. We worshipped at their church and we had a fellowship meal in our church.

Monday night we are planning to have our weekly soup supper.

Next Sunday is the first Sunday of advent and the children's Sunday School Class is lighting the first candle of the advent wreath.

# Memories Of Augusta . . .

By Pamela Webb  
We recently spent a lovely weekend in Augusta. The weather was nice and the fall colors beautiful. At least once and sometimes twice a year my family makes the trip from our home in Louisville. I have been making these trips for more than fifty years. There have been few exceptions. In addition to the family and many friends we come to visit, we also visit the many relatives whose final resting place is in Mt. Zion cemetery. My grandparents are there, my great-grandparents are there and there are many beloved cousins, some whom I knew and others I know only from family stories.

My mother has been visiting Augusta since the 1930's. She remembers a time before the dams were built when the river was a much greater distance from the homes on Riverside Drive/Ferry Street. She would come with her family often by train to visit cousin Marie Owens who lived in the General Payne house with other members of her family. There were also chickens, cows and horses. She recalls sending a post card to her mother back in Dayton, KY telling her of the baby 'cafe' that was born. At Christmas, Marie would place a box of chocolates in the bedroom they occupied.

My earliest memories are also of coming up on the train or in my grandmothers' big Buick. The car

was almost too big to make it across the old one lane bridge near Long Stretch. I often thought we might end up in the water. Marie's house was so full of history. My brother and I loved to explore the house and cellar and climb the old mimosa tree next to the driveway. The only drawback was having to use the outhouse, especially in the middle of the night. It was a nice one though, a two seater with curtains. Cousins Diane, Dody and Dorinda lived two doors down. We would sit on the front porches for many hours and visit.

The General Payne house as you know is now owned by Larry and Sharon Stamper. They have done a complete/beautiful restoration of the home. We have stayed with the fine folks at the Parkview for many years

now, but upon learning that the Payne house was operating as a B & B, we could not pass up the opportunity to stay in this home again as we did so many times in the past. We were not disappointed. While many updates have been made, it was still fantastic to once again walk the halls and sit in the majestic rooms we remembered.

So now a new generation has fallen in love with Augusta, it's rich history and the people who live here. My teenage son has been coming here every year with us since he was a baby. My hope is that he will pass the stories and the history to his children. Maybe someday they too will make the annual trip to Augusta a special part of their lives.

## Winter Clothing Drive during the Christmas Parade

Coats and warm clothes wanted for Christmas. The Augusta Rotary Club will launch a Winter Clothing Drive as part of the White Christmas Parade festivities on Saturday, December 13.

The winter clothing drive will be conducted from 4:30 p.m. to 8:30 p.m. at the firehouse to collect winter coats, sweaters, gloves, knit caps, scarves and new socks for the Family Resource and Youth Services Center to distribute to needy school kids. Family, Career and Community Leaders of America (FCCLA) will host the collection table.

Jason Hinson, Augusta High basketball coach and the head of the Family Resource and Youth Services Center at the school, said: "The school-based family and youth program tries to remove non-academic barriers to learning. There is a real need for warm winter clothing, particularly for younger students, who often come to school without adequate clothing in cold winter weather."

Donors may drop off cleaned and gently-used gar-

FCCLA sponsor Renee McClanahan added: "The FCCLA encourages students to conduct service projects that enhance civic responsibility and benefit the community. So, we are pleased to help with the Winter Clothing Drive. The Christmas season is a good time of the year to do this."

Now in its 7th year, the White Christmas Parade remembers Rosemary Clooney's movie "White Christmas" and includes decorated floats, marching bands, fire engines, Christmas lights and Santa Claus. The parade will start from the school parking lot at 5:30 p.m.

Augusta Fire Chief Jim Wilson noted that the firehouse would be open to the public and that coffee, hot chocolate and cinnamon rolls will be available for purchase from school and community groups.

After the parade, Santa Claus will be at the firehouse to hear Christmas gift wishes and hand out treats to children.

## Second drug bust completed in county

*Continued from Page 1*

they were coming into office four years ago. Sheriff Niemeier would never have thought that they would have the problems that they have in this county. The major issues are with pills and heroin, that's right HEROIN. This drug is taking hold in the county and is quickly becoming the drug of choice among users. The reason for this is due to cost as it is the cheapest drug available in the County.

The Sheriff's office is committed to tackling this problem, but this problem goes far beyond the capability of the Sheriff's Office. This is a community and family problem as well. To really make a difference in this fight to rid our community of drugs they need to enlist all community organizations, churches, businesses, schools, families and other community groups. These drugs are destroying the very backbone that our communities are built on and that is the FAMILY. Families are being torn apart daily by these very addictive and deadly drugs.

Earlier this year the Sheriff's Office held five Town Hall meetings throughout the county addressing the Heroin and drug problem in the county. The Sheriff's Office has also participated in two Drug Programs put on by Buffalo Trace Area Development District. There has also been a community effort to organize and address these issues in the county and the Sheriff's Office is a part of this, along with the Augusta and Bracken County School Districts, BTADD, government officials, concerned citizens in the county, and other

service organizations.

Over the past four years their eyes have been opened up to this activity in the county. Some of the subjects charged in this were selling drugs with their young kids with them and also going to Cincinnati with their kids in the car to purchase drugs. Kids are being born with drugs in their system. During their investigation they encountered the following drugs: Heroin and pills (percocets, methadone, oxycontin, and other miscellaneous drugs). It is critical that they send a message to these individuals that this activity will not be tolerated in Bracken County.

As they have told citizens at their Town Hall meetings drug investigations take a long time to conduct and are very hard to complete. These investigations are also expensive. The Bracken County Fiscal Court, the City of Augusta and the City of Brooksville are appreciated for their support to the Sheriff's Office. Without their financial support throughout these investigations it would have been impossible for the Sheriff's Office to complete the investigations.

With this said, it is imperative that everyone get involved in combating the drugs in this county. This fight begins at home with the education of our kids and grandkids on the hazards of these drugs and how they will destroy families. Sheriff Niemeier encourages the Citizens of Bracken County to get involved in this fight against drugs. The Sheriff's Office will continue to fight drug activity but with the support of the community and their involvement more can be done to fight this big problem.

### TRIPLE RIDGE

Triple Ridge Homemakers met at the spacious home of Janie Appelman on Tues., Nov. 11 and enjoyed a very delicious potluck meal before beginning the meeting. Meeting was called to order by Pres. Judith Richards. She led the pledge. Inspiration was read by Roberta Shepherd entitled "The Wooden Bowl". This was a very heart-warming inspiration. All eighteen members were present for the meeting with the exception of Carolyn Wehling. They were thrilled to have Edy Flaughter back after her surgery. Roll call was answered by telling when you cooked your turkey for Thanksgiving - day before or day of. Proved to be about 50/50.

Happy birthday was sung to Edith Ulrich and Judith Richards who were having birthdays this month. Thank you note was read from Jenny Rice expressing her appreciation for their thoughtfulness in the loss of husband Phil.

President and others had been to Russellville to view the weaving shop. Very interesting! President also

had other lesson sheets on trays, canning, upholstery, paper angels, braided rugs.

Margaret Carl showed articles to honor Veterans Day. Her husband had been in service and she showed pictures of him in uniform, dog tags they wore and other medals they had. We are not appreciative enough for what these service people do for us. Losing someone in a foreign land fighting for our freedom - you cannot express thanks enough.

Louise Moneyhon asked about donations for International. Marie Courts is in charge of International. It was agreed to donate the extra our club charges on memberships (75¢ per member).

We will have a \$10 gift exchange at the Dec. meeting - at Janice Hicks on Dec. 9 at 12:30 or 1 p.m.

Roberta Shepherd had the lesson on "Management - What Do We Pay First?". Things are quite different now on how we do most things. Time changes a lot of procedures.

Following the meeting everyone gathered around the kitchen table to make Christmas pins. Many were completed and ready for the holiday. Meeting adjourned.

### COUNTRYSIDE BEGINS NEW YEAR

On Oct. 10 the Countryside Homemakers met at LuAnn Doyle's beautiful new home in Mason County and were treated to a wonderful barbeque pork meal. We were also honored to have Jana Lynn LaMaccia and Kristin Swayne as quests.

After Kathy read the inspirational, Luann read the minutes, roll call and treasurers report. Upcoming classes at the Extension Office were discussed as well as the success of the quarter auction at the Extension Office.

Our lesson was taught by Mary Ellen Stegemann on "Oh Where Did I Put That" and how our brain is a muscle and good habits to keep your memory sharp.

There is a membership drive challenge going on and each club is asked to get a new member and a new mailbox member. Our two guests asked to join as mailbox members and they were both accepted.

The Holiday Bazaar, the Community Project "Catch Them in the Cradle", the Backpack Program and Coins for Change Challenge were discussed and each member was encouraged to participate. Scholarships given by Homemakers will now have a criteria written and each club will have input. The goal is to raise the scholarships given from \$300 to \$500 each.

Our Christmas project will be gifts for residents at The Hillcrest Boys Home. A list of needed items were handed out and those items are due at the December meeting. Samaritans Purse shoeboxes are due at the November meeting.

Winners of the games played were Mary Lou Hickey, Jana Lynn LaMaccia,

Head Start is turning 50

For fifty years Head Start has been the leading model for providing children the opportunity for success in school and in life. Head Start began as part of President Lyndon Johnson's War on Poverty and Great Society. Born in Mississippi the Freedom Schools, it was modeled on the Little School of the 400. The Economic Opportunity Act of 1964 first authorized the program, in 1965. The Elementary and Secondary Education Act of 1965 also addressed preschool education. In 1968, Head Start began funding a program that would eventually be called Sesame Street, operated by the Carnegie Corporation Preschool Television project.

The Office of Economic Opportunity's launched Project Head Start as an eight-week summer program in 1965. The following year it was authorized by Congress as a year-round program. Congress enacted the Head Start Act in 1981.

In 1969 Head Start was transferred to the Office of Child Development in the Department of Welfare (later the Department of Health and Human Services (HHS)) by the Nixon Administration. Today it is a program within the Administration for Children and Families (ACF) in the HHA. In FY 1994, the Head Start program was established to serve children from birth to five years of age reflecting evidence that these years are critical to children's development. Programs are administered locally by nonprofit organizations and local education agencies. Head Start is one of the longest running programs to address systemic poverty in the United States. Head Start has served more than 30 million pre-school aged children nationwide; they have become Presidents, Grammy-winning musicians, teachers, CEO's of businesses, lawyers, mayors, members of Congress, professional athletes, parents, and more.

This year the prizes include: the two volume set of *Kentucky Gun Makers (Volume I: Gun Making History, & Vol. 2 Biographies)* by Shelby Gallien (1<sup>st</sup> prize) donated by Bill Baker; two tickets, plus parking pass, for the December 21<sup>st</sup> matinee performance of Cincinnati's Play House in the Park production of *Tenderly—the Rosemary Clooney Musical* (2<sup>nd</sup> prize) donated by Rita R. Thomas; and a Sean Moral painting (approx.. 16" X 29" (3<sup>rd</sup> prize) donated by Caroline Miller. Christmas Raffle tickets cost \$2 each. Tickets for both raffles can be purchased through any Historical Society member, or at the Bracken County Historical Society Office during its normal hours of operation (Friday 10 a.m. to 4 p.m., or Saturday 10 a.m. to 12 p.m.) or can be purchased the day of Christmas Social, Saturday, December 6th.

five counties of the Buffalo Trace Area Development District, which includes Bracken, Fleming, Mason, Lewis, and Robertson counties. We have 22 classrooms with three and four year old children in our program.

Our vision is Licking Valley Head Start investing in children in the Present and Future Generation. Licking Valley's mission statement is providing quality, comprehensive services, which empower children, families and the community. Licking Valley Head Start's goal is to provide comprehensive childhood services for all children. All children receive a safe, nurturing environment in which they are given the opportunity to learn and experience success, with additional services provided to children including medical and dental examination and follow-up, as well as mental health education and nutritious meals. Parent education, physical fitness and literacy training are also provided. Since Head Start began in 1965, Licking Valley has served over 20,000 children and their families.

Licking Valley will be celebrating Head Start awareness by having open-house and different activities. Parents and staff will be wearing Red, White and Blue buttons that say "Head Start Works". October 24, 2014 Head Start's Nationwide will be celebrating Head Start Awareness Month with wearing Red, White, and Blue button day.

In 1965 when Head Start was funded. The only education requirement for Head Start teachers was a High School Diploma; later on the teachers received CDA (Child Development Credential). Now all Head Start teachers either have an Associates, Bachelors, or Master degrees in Early Childhood Education. So not only the children and families gain from Head Start the community has also gained from the program with certified teachers.

Bracken County Lady Bear Basketball team attends Lauren Hill's one last game

The Bracken County Lady Bear Basketball Team recently took the "Layup4 Lauren Challenge" for Lauren Hill, a Mt. St. Joseph women's college basketball player diagnosed with terminal brain cancer (Diffuse Intrinsic Pontine Glioma) who was set to play in "one last game." Diagnosed with pediatric cancer, Hill has an aggressive brain tumor that is quickly taking her life.

Lauren Hill started the Layup for Lauren Challenge to raise money for pediatric cancer research. Since Hill is playing through dizziness and a lack of feeling on her right side from her brain tumor, participants must spin five times and shoot a layup with their non-dominant hand. If you make it, you pass along the challenge, but if you miss, you donate \$10 to The Cure Starts Now. The Bracken County Lady Bear Basketball Team donated \$200 to The Cure Starts Now.

When she signed on to play basketball with Mount Saint Joseph College in Cincinnati, OH, last fall, Lauren didn't know about the cancer. With doctor's fearing she may not even live until December, her coaches petitioned the NCAA to move the first game of the season to an earlier date so that Hill could play. The NCAA granted the request and the game was moved to the Cintas Center to accommodate the crowd. A total of 10,250 tickets sold out in 30 minutes for the game played on the afternoon of Sunday, November 2. Proceeds of over \$40,000 from the sold-out game went to "The Cure Starts Now."

Lauren Hill realized her dream of playing in a college basketball game. The freshman forward scored four points in the Mount's 66-55 victory over Hiram College. Hill scored the first basket on a play called Lauren's Lay-up and the last one of the game. The

afternoon was memorable for so many and on so many levels. The Bracken County Lady Bear basketball team got to experience it firsthand.

At half-time, former Tennessee women's basketball coach Pat Summitt presented Hill with the Pat Summitt Most Courageous award, as chosen unanimously by the United States Basketball Writers Association. The honor is usually given to a player during the Women's Final Four but an exception was made for Hill. Summitt, who is battling Alzheimer's disease, did not speak during the halftime presentation. WNBA player Tamika Catchings accompanied Summitt and spoke on her behalf. Hill also received the Wilma Rudolph Courage Award from the Greater Cincinnati Northern Kentucky Women's Sports Association.

Also in attendance at the game were: Buffalo Bills

running back Fred Jackson, Indiana Fever coach Stephanie White and WNBA players Catchings, Shavonte Zellous, Elena Delle Donne and DeLisha Milton-Jones.

Cincinnati Bengal Devon Still, whose daughter, Leah, is also battling cancer, is helping spread awareness as well. Bengals players Andrew Whitworth and Andy Dalton spoke to Hill through a taped video, as they were playing Jacksonville at Paul Brown Stadium at the same time. Whitworth and Dalton have both participated in the #Layup4Lauren initiative.

"It's just a great opportunity to spread awareness, and I'm really happy to be making a difference. A much bigger difference than I thought I could have ever made. That's why you have to never give up and keep trying and keep chasing your dreams," Hill said.

"It was a dream come true to play as a college play-

er," a teary Hill said afterward. "It was great to be able to put my foot down and just feel the roar of the crowd and the vibration of the floor...I just love it so much." "I don't want it to be my last game and I don't plan on it being my last game. If I can't play, if I'm in wheelchair by then or anything that happens, I'm still going to try to be there with my team to support them because they've always been there to support me."

The Bracken County Lady Bears would like to encourage you to take the Layup4Lauren Challenge as well. Make checks payable to "The Cure Starts Now" and mail to 10280 Chester Road, Cincinnati, OH 45215. All donations go directly to Diffuse Intrinsic Pontine Glioma research. The Hill family will receive an acknowledgment of the donation.

Salato Wildlife Center to close for the season; will reopen in March

Visitors had until 5 p.m. Wednesday, Nov. 26, to visit the Salato Wildlife Education Center in Frankfort before the facility closes for the winter. The center will reopen March 3.

"This has been one of the best years in recent memory," said Salato Center Manager Laurie Davison. "I'm looking forward to 2015 being even better!"

The winter closure allows the staff to conduct needed maintenance and upgrades on existing exhibits, assuring a quality experience for the center's 75,000 yearly visitors.

The center features a variety of native animals, including a black bear, an eagle, bobcats, elk, deer, bison, snakes, frogs and fish. The center has numerous indoor and outdoor exhibits and miles of hiking trails open to the public.

The Salato Center is op-

erated by the Kentucky Department of Fish and Wildlife Resources. The center is located off U.S. 60, approximately 1 1/2 miles west of the U.S. 127 intersection. Look for the bronze deer statue at the entrance of the main

Kentucky Fish and Wildlife campus.

Hours are 9 a.m. to 5 p.m. Tuesday through Friday, and 10 a.m. to 5 p.m. Saturday. Salato is closed on Sunday, Monday and state holidays.

Admission is \$4 for adults and \$2 for youth 5 to 18. Children under 5 are admitted free. The center also offers annual memberships for individuals and families.

Howdy Folks! Happy Thanksgiving 2014! Just a few “fun” facts we found about Thanksgiving’s main course, the turkey! An average Thanksgiving turkey weighs fifteen pounds, but the largest turkey on record reached a whopping 86 pounds! While that may feed the Jefferson crew, we would need an industrial sized oven to prepare it! Approximately 280 million turkeys will be purchased for the Thanksgiving holiday and thankfully, most of us do not have to hunt and prepare this traditional meat because a mature turkey has 3,500 feathers to pluck! While the turkey hen makes a clucking noise, the male or ‘tom’ turkeys make a gobbling sound and commercially raised turkeys cannot fly! It will take 75 to 80 pounds of feed to raise a thirty pound tom turkey, and just like a lot of humans, turkeys have poor night vision. We have seen many flocks of turkeys this fall and hope that all you turkey hunters are enjoying the spoils of victory this Thanksgiving Day dinner! Ironically, turkey wasn’t even on the menu when the Pilgrims celebrated the first Thanksgiving in Plymouth, Massachusetts in 1621! Years later Benjamin Franklin tried to get it declared the

national bird, but failed. That’s probably a good thing, because it just would not be right to eat all those turkeys if it were actually our national bird!

Last week we gave the number of tires put in the seven roll-offs that had been removed from the county. Thanks to some human ‘turkeys’, this number has grown to 52 with 28 of them being put in the container that was located at the Railroad Underpass on Long Stretch in Augusta for an additional \$98 or \$182 total. We still are waiting for the roll-off numbers from the containers removed from Johnsville and Milford.

With all the snow last Monday morning, we met numerous vehicles without lights turned on and probably an equal amount that snow still clung to the entire vehicle except for a small opening on the windshields. Folks, this makes for hazardous driving! As a gentle reminder, Kentucky’s law requires that in adverse conditions headlights should be turned on and common sense tells us that we need to see what’s going on behind us as well as in front of us! The back glass and all mirrors should be cleaned of snow. We care about all of you and want you to make it home safely each and every night so please use your seatbelts, turn on your lights and make sure you can see in all directions when driving a short distance or across the country!

Many will be traveling this Thanksgiving – 37.5 million Americans will travel more than fifty miles from home according to AAA Service – and we pray that all of you who journey will have

safe passage to and from your destinations. We ran across this poem written by the late Grandpa Jones of Grand Ole Opry fame, but could have just as easily been written by our Grandpa Ernest Jones! The poem reads: May your stuffing be tasty, May your turkey plump, May your potatoes and gravy have nary a lump, May your yams be delicious, And your pies take the prize, And may your Thanksgiving Dinner stay off your thighs! We express our sincerest gratitude for all our many family and friends! Only in this area can folks be so genuine and loving! May your Thanksgiving Day be richly blessed and may you continue to show appreciation for this gift of the earth by RECYCLING, REUSING and REDUCING to keep God’s earth clean, green and beautiful! Be seen’ you – *Bin & Bug*.

## Sports in Kentucky

by Bob Watkins

I have been on the verge of being an angel all my life, but it's never happened yet — *Mark Twain*

Thanksgiving, "Thank you, Lord! ... and lets eat!" Blessings in our lives, soon after good health and family, we think of our Stuff.

An internet site recently ranked Americans' collector favorites. Top Ten: 1. Coins, 2. Movies, 3. Stamps, 4. DVDs, 5. Video Games, 6. Dolls, 7. Cards, 8. Key chains, 9. Books, 10. Marbles.

Marbles? A reasonable list, isn't it? We might reasonably add Comic books, antique toys, Native American relics (arrow heads) and baseball cards.

Our Stuff often lives in the garage, on a closet shelf, in the attic or a bank deposit box. We visit during holidays like this one ... maybe.

My favorite Stuff lives in a computer file Worth Repeating Dept. I visit daily.

Quotations. Marvelous snippets of wisdom penned by those inspired by wit, failed love, anger, tragedy, a drink to many, grumpy disposition, or all. Words of whimsy, irony or corny nostalgia all homogenized into stacked phrases flavored by mood, why-are-we-here? reflections, and of course, knuckle Heads.

So, Thanksgiving and Stuff. I hope you find a chuckle or an inspirational one here that lives in your own life.

From Old Collector, these gems.

• You can't live a perfect day without doing something for someone who will never be able to repay you. — John Wooden

• The time you enjoy wasting is not wasted time. — Bertrand Russell

• A wise man makes his own decisions, an ignorant man follows public opinion. — Chinese Proverb

• The proper office of a friend is to side with you when

you are in the wrong. Nearly anybody will side with you when you are in the right. — unk

• By 50 everyone has the face he deserves. — George Orwell

• To know is nothing at all; to imagine is everything. — Albert Einstein

• Tennessee Williams said if he got rid of his demons, he would lose his angels. — Dakin Williams

• A wise man once said ... nothing. — unk

• We herd sheep, we drive cattle, we lead people. Lead me, follow me, or get the hell out of my way. — George S. Patton

• Keep away from small people who try to belittle your ambitions. Small people always do that. — unk

• An idea is to put truth in check-mate. — Jose Ortega Gasset.

• Greatest gift you can give another is the purity of your attention. — Richard Moss

• Admiration; is our polite recognition of another's resemblance to ourselves. — Ambrose Bierce on praise

• Two best physicians of them all are Dr. Laughter and Dr. Sleep. — Gregory Dean Jr.

• It has always seemed strange to me that in our endless discussions about education so little stress is laid on the pleasure of becoming an educated person, the enormous interest it adds to life. To be able to

be caught up in the world of thought, that is to be educated. — Edith Hamilton, educator and writer

• Thinking: The soul talking with itself. — Plato

• People hate as they love, unreasonably. — William M. Thackeray

• My mind is my kingdom. — unk

• Many people when they fall in love look for a little haven of refuge from the world, where they can be sure of being admired when they are not admirable, and praised when they are not praise-worthy. — Bertrand Russell

• Never try to reason the prejudice out of a man. — unk

• That which was not reasoned into a person, cannot be reasoned out. — Sydney Smith

### RALPH WALDO EMERSON

• Language is the archives of history.

• Cultivate the habit of being grateful for every good thing that comes to you, and to give thanks continuously. And, because all things have contributed to your advancement, you should include all things in your gratitude.

• Adopt the pace of nature: her secret is patience.

• Finish each day and be done with it. You have done what you could. Some blunders and absurdities no doubt crept in; forget them as soon as you can. Tomorrow is a new day. You shall begin it serenely and with too high a spirit to be encumbered with your old nonsense.

• Do not go where the path may lead, go instead where there is no path and leave a trail.

### MARK TWAIN

• I have been on the verge of being an angel all my life, but it's never happened yet.

• Clothes make the man. Naked people have little or no influence on society.

• Giving up smoking is the easiest thing in the world. I know because I've done it thousands of times.

• What work I have done I have done because it has been play. If it had been work I shouldn't have done it.

• Difference between the

Standard Rider for Supplemental or Standby Service – Rider SS

	Current (Per kW/kVA)	Proposed (Per kW/kVA)
Contract Demand per month:		
Secondary	\$12.54	\$12.84
Primary	\$11.99	\$11.63
Transmission	\$10.84	\$10.58

Also, Company proposes text changes to the Minimum Charge provision to clarify that for a Rider SS customer, Company will bill the customer monthly for all of the charges under the customer's applicable rate schedule, including, but not limited to, the applicable basic service charge, energy charges, and adjustment clauses. In addition to those charges, Company will bill the customer monthly a demand charge that is the greater of: (1) the customer's total demand charge calculated under the applicable rate schedule; or (2) the demand charge calculated using the applicable demand rate shown above applied to the Contract Demand.

Temporary and/or Seasonal Electric Service - Rider TS

Availability of Service:

**Current:** This rider is available at the option of the Customer where Customer's business does not require permanent installation of Company's facilities and is of such nature to require:

- only seasonal service or temporary service, including service provided for construction of residences or commercial buildings, and where in the judgment of Company the local and system electrical facility capacities are adequate to serve the load without impairment of service to other customers; or
- where Customer has need for temporary use of Company facilities and Company has facilities it is willing to provide.

This service is available for not less than one (1) month (approximately 30 days), but when service is used longer than one (1) month, any fraction of a month's use will be prorated for billing purposes.

**Proposed:** This rider is available at the option of Company where:

- Customer's business does not require permanent installation of Company's facilities excluding service provided for construction of permanent delivery points for residences and commercial buildings, and is of such nature to require only seasonal service or temporary service; or
  - the service is over 50 kW, provided for construction purposes, and where in the judgment of Company the local and system electrical facility capacities are adequate to serve the load without impairment of service to other customers; or
  - where Customer has need for temporary intermittent use of Company facilities and Company has facilities it is willing to provide Customer for installation and operational testing of Customer's equipment.
- This service is available for not less than one (1) month (approximately thirty (30) days), but when service is used longer than one (1) month, any fraction of a month's use will be prorated for billing purposes. Where this service is provided under 2 or 3 above, Company will determine the term of service, which shall not exceed one (1) year.

Standard Rate for Low Emission Vehicle Service – Rate LEV

Current	
Basic Service Charge per Month:	\$10.75
Energy Charge per kWh:	
Off-Peak Hours	\$0.05587
Intermediate Hours	\$0.07763
Peak Hours	\$0.14297

**Proposed** – This rate schedule is proposed to be eliminated. The Company will make all reasonable efforts to contact Rate LEV customers to advise them of their new rate options after the Commission approves the new rates but before they take effect (at which time Rate LEV will terminate). Because Rate RTOD-Energy is the new rate most similar to Rate LEV, the Company will automatically transfer to Rate RTOD-Energy all Rate LEV customers who have not responded to the Company's outreach efforts by the effective date of the new rates; however, the Company will continue to make reasonable efforts to obtain those customers' input even after the rate change.

Economic Development Rider – Rider EDR

Company proposes changes to Rider EDR's Terms and Conditions to: (1) clarify the minimum demand required for the rider to be available to customer; (2) increase the range of certifications that can make a customer eligible for Rider EDR to include the Kentucky Business Investment Program (KBI), or the Kentucky Industrial Revitalization Act (KIRA), or the Kentucky Jobs Retention Act (KJRA), or other comparable programs approved by the Commonwealth of Kentucky; and (3) clarify that no credit under EDR will be calculated or applied to a customer's billing in any billing month in which the customer's metered load is less than the load required to be eligible for either Brownfield Development or Economic Development.

Adding the following provision that could result in a charge to certain customers:

Changes in Service

Where Customer is receiving service and desires relocation or change in facilities not supported by additional load, Customer is responsible for the cost of the relocation or change in facilities through a Non-Refundable Advance.

Terms and Conditions – Budget Payment Plan

Current:

Company's Budget Payment Plan is available to any residential customer or general service customer. Under this plan, a customer may elect to pay, each billing period, a budgeted amount in lieu of billings for actual usage. A customer may enroll in the plan at any time.

Proposed:

Company's Budget Payment Plan is available to any residential customer served under Residential Service Rate RS or any general service customer served under General Service Rate GS. If a residential customer, who is currently served under Residential Service Rate RS and is currently enrolled in the Budget Payment Plan, elects to take service under Residential Time-of-Day Energy Service Rate RTOD-Energy or Residential Time-of-Day Demand Service Rate RTOD-Demand, such customer would be removed from the Budget Payment Plan and restored to regular billing. Under this plan, a customer may elect to pay, each billing period, a budgeted amount in lieu of billings for actual usage. A customer may enroll in the plan at any time.

Kentucky Utilities Company also proposes to change the text of the following electric tariffs: Residential Service Rate RS, General Service Rate GS, All Electric School Rate AES, Time-of-Day Primary Service Rate TODP, Retail Transmission Service Rate RTS, Lighting Service Rate LS, Restricted Lighting Service Rate RLS, Special Charges, Curtailable Service Rider CSR10, Curtailable Service Rider CSR30, Net Metering Service Rate NMS, Supplemental or Standby Service Rider SS, Temporary and/or Seasonal Service Rider TS, Economic Development Rider, Low Emission Vehicle Service Rate LEV, Demand Side Management Cost Recovery Mechanism DSM, Environmental Cost Recovery Surcharge ECR, and the Terms and Conditions.

Changes to the Terms and Conditions include the addition of a section on Company as a Federal Contractor, meter placement, proposed clarifications on terms and conditions specific to residential electric service, and expanded options for the Company to provide written notice for discontinuance of service due to nonpayment or non-compliance.

Complete copies of the proposed tariffs containing text changes and proposed rates may be obtained by contacting Edwin R. Staton, Kentucky Utilities Company at 220 West Main Street, Louisville, Kentucky, 502-627-4314, or visiting Kentucky Utilities Company's website at [www.lge-ku.com](http://www.lge-ku.com).
